Dear Mr. Katona,

Thank you for assisting me with arranging the site survey of your project at Camp Pendleton. I met with your VP, Grant Harper, on June 16, 2009. The project was a 4-story barracks located near Stuart Mesa Road, 1.7 miles from the Las Pulgas entry gate.

Mr. Harper was very helpful and courteous and took the time to walk me around the site and discuss the safety issues pertaining to that site. Nothing of note cropped up while doing the walk-through. Your efforts directed at safety, in conjunction with those of the general contractor, Harper Construction, are to be commended.

Thank you again for your time and efforts. Please pass on my regards to Mr. Grant Harper. Have a terrific summer season.

Sincerely,

Giorgio Muzzarelli
